Lowell Thomas, Famous Radio Reporter, Here

Welcomes Studio Audience During Broadcasts From Depot

Lowell Thomas, one of the world's foremost newscasters who has been on the radio continuously for the past 21 years, this week is using Truckee's Southern Pacific depot as his studio to dispense stories of the world's fast-moving activities.

This is the second time in little over two years that Thomas has broadcast from Truckee while he enjoys the skiing at nearby resorts. Currently he is a guest at Squaw Valley and on his last visit he stayed at Sugar Bowl on Donner Summit.

In his broadcasts Monday, the famous visitor contrasted the beauties of the Sierra with those of Switzerland and gave the former the best of the comparison. The return visit was indicative of his preference as he is well known and welcomed in all parts of the world, with the exception of those countries dominated or controlled by Communism.

The telephone hookup provided by the local office of the Pacific Telephone Company on the last visit was still intact for the return, A. P. Leitch, local manager, explained. Technicians are on hand during and prior to the broadcasts to attend to details and Thomas maintains a staff here and in New York, including Mr. and Mrs. Gale Nix, the former a radio technician who manages the intricate controls here and the latter a news editor who assists in the preparation of the broadcast.

Thomas will remain here until tomorrow and the public, or that is as much of the public as possible, is welcomed to attend the broadcasts which are aired at 3:45 p.m. and 8 p.m. daily, the former for eastern consumption and the latter a western edition.

The Southern Pacific cooperates in making the local hookup possible and by policing the premises to prevent unnecessary noises which would interfere with the reporting.. Special.. Officers.. Al Pfaendler and Jerry Stoneking handled the detail during both visits of Thomas.

Thomas and his son, Lowell Jr., last year made a visit to Tibet and the latter, expected to join his father here this week, is now conducting a successful series of lectures on the trip in the San Francisco bay area.

Before each broadcast, Thomas speaks briefly to his local audience and on Wednesday he addressed the student body of the high school.

The chamber of commerce, as part of its reception for the visitor, prepared and circulated placards welcoming the traveler.

Driver Is Fined $500 Following Car Crash Here

Seven People Are Injured In Collision at Wye Last Thursday

Robert Kenneth Johnson, 24, Truckee, was fined $500 and placed on probation for six months following his hearing before Justice of the Peace F. W. Wilson this week on a charge of reckless driving resulting in a serious accident at the Truckee-Tahoe Wye last Thursday night at 9 o'clock in which seven people were injured, three of them seriously.

Johnson was also charged with operating a vehicle without a valid operator's license and being on the wrong side of the highway.

The accident occurred when Johnson, accompanied by Richard A. Powell, 24, and the latter's wife, Louise, 19, started to Squaw Valley. The car reached the intersection of the Wye and continued some distance before it swerved directly into the path of a new Cadillac sedan driven by Charles R. Anet, 33, a lumber broker of Eugene, Oregon, who was accompanied by his wife, their two children and Mrs. Anet's mother, Mrs. Elizabeth Lane, 53, returning from a vacation trip.

Mrs. Anet, her mother and Mrs. Powell suffered major injuries and were treated by Dr. L. D. Nelson before being removed to a Reno hospital. State Patrolman William Gautsche made the investigation and cited Johnson.

The vaudeville show will be built around a "Roaring 20's" theme, with costumes, dances and songs reminescent of the 1920's. The committee in charge of planning the show includes Mary Boyce, Collette Morhain, Sheldon Jones and Jerry Quam.

Truckee Couple Observe Golden Wedding; Active In Local Affairs

Truckee this week, through its various organizations and individually, is paying honor to one of its most prominent and respected couples on the occasion of their Golden Wedding anniversary.

Mr. and Mrs. Charles B. White were married April 10, 1901, at the home of Mrs. White's parents, Mr. and Mrs. Charles L. Sullivan, at 2600 J Street in Sacramento. They have spent their entire married life in Truckee, 47 years in their present home, and have both been active in civic and fraternal affairs.

Mr. White, a native of Auburn, was president of the Truckee Chamber of Commerce for eight years, was one or original directors of the Truckee Public Utility District and served on the board for 12 years. He has been a director on both school boards and is a past patron of Truckee Chapter, O.E.S., and present treasurer of Truckee Lodge, F&AM.

It was through the efforts of Mr. White and the late Wallace Gelatt and Dan D. Smith that the present highway between Truckee and Reno was built. They formed an association known as the San Francisco to Reno Highway Association which included all chambers of commerce along the route and in 1919 started promotion with the highway commission to build the road. It was declared impossible but in 1922, with the late Harvey M. Toy as secretary to the highway commission, the road was put through and completed in 1923. The work was strenuous and often seemed impossible but by persistent effort and hard work it was put over.

Mr. White came to Truckee in 1896 as agent for the Southern Pacific and in 1914 went to work for the Lake Tahoe Railway and transportation Company.

In 1923 he saw the need for a bank here and induced the Auburn Savings Bank to open a branch and he and Miss Menia Moretta were employed as manager and assistant. In 1928 the bank was sold to Bank of America and Mr. White stayed on as manager until his retirement in 1939. Since that time he has continued active and maintains an insurance business at the bank.

They have one son, Charles B. White Jr., and a granddaughter, Marilee, of Reno.

Tuesday evening, Mr. and Mrs. White were honored at a dinner given at the Riverside in Reno by their son and his wife, one of the highlights of the celebration.

Mrs. White was presented with a gift by members of her bridge club which met yesterday afternoon at the Robert Bick home.

The entire community will join in extending to the fine couple many happy returns and many more happy years together.

INCUMBENTS GET ENDORSEMENT OF FIRE FIGHTERS

The Truckee Volunteer Fire Department, meeting Tuesday night at Sarge's, voted without dissent to endorse F. W. Gaiennie for re-election and R. N. Little for retention on the fire district commission. The election will be held at the fire house on May 1.

The department cited Gaiennie's long service as secretary of the commission and his efficient handling of the affairs of the district in urging his re-election. The fire fighters had previously endorsed Little to fill the unexpired term of the late Dr. J. H. Bernard and urged that he be confirmed in his appointive office by the voters.

During the evening, the department's place in civil defense was discussed and a familiarization inspection was made of the district's equipment. Chief N. F. Dolley was in charge of the meeting.

SLASH IN FUNDS WOULD CUT OUT LOCAL PROJECTS

If the state legislature follows the recommendations of Legislative Auditor A. Allan Post the construction of a new quarantine station at the Tahoe-Truckee wye and a $60,000 project at Donner Park will be delayed indefinitely.

A call for postponement of $40,000,000 worth of construction was submitted to the lawmakers Tuesday as a debate on the budget started.

The curtailment program would cause elimination of the Truckee, Peavine, Tulelake and Meyers new stations and save $250,000, the report said. It would also cut from the budget the Donner Park project. Both local jobs were scheduled for this year.

Sun Beams

by Walter M. Barrett

For the second time in little over two years, the world's most famous newscaster, Lowell Thomas, is paying Truckee a visit while he continues his twice daily radio program from the S. P. depot. As upon his previous stay in this area, Thomas is high in his praise for the district, commenting upon its beauty and environments in his nation-wide talks to millions of people. This type of comment coming from Lowell Thomas is unequalled for value, and Truckee, through its chamber of commerce, can pay only in its thanks and a hearty welcome to the famous visitor and his staff. We personally appreciated the very nice "plug" for the Sierra Sun this week and extend to Mr. Thomas our most cordial invitation to come often and stay longer.

Dolley said that a game has been scheduled for here on April 22 with the Verdi team and with only two weeks left to practice, work must be started at once.

Changes Will Be Made In District School Faculties

Summer Recreation Plan Is Given Approval By Trustees

The governing board of the Tahoe-Truckee Unified School District held its regular monthly meeting at the office of the superintendent Tuesday.

Lynn Kishbaugh, who has been 5th and 6th grade teacher at the Truckee elementary school for the current and past years, was appointed to the principalship of the Kings Beach Elementary School to succeed Charles Chubb, who has resigned to continue his college education.

Mrs. Elizabeth Miescke, first grade teacher of the Truckee elementary school, has resigned her position, effective at the end of the school year, in order that she may go to San Jose with her husband, who plans to continue his education at San Jose State College.

The governing board considered and approved the appointment of a recreation director to work in the school district during the coming summer. James Brehler, who has been ski coach during the winter, was appointed to the position and will be in charge of the swimming program at Lake Tahoe as well as in the Truckee and Summit area. In addition to the swimming program, he will conduct a program in camping, hiking and community education for children and youth. It is planned that Brehler start the work June 1.

Winton W. Cooley was appointed to the position of inspector on the new high school. He succeeds Richard MacDonald, who resigned because of ill health. Cooley has had considerable building experience with private concerns and with the U. S. Army Engineers.

Present at the board meeting were Mrs. Janet Briggs, Norman Dewhurst and Henry Sams, members of the evaluation committee of the teachers' salary committee. This group presented salary allocations for teachers and administrators who will be employed by the school district for the 1951-52 school year. They also presented a recommendation which was accepted by the board to the effect that a teacher employed by the district 60 per cent of a given school year will be given credit on the salary schedule as though he had taught a complete year.

Mrs. Mildred Brown was appointed as cook at the Tahoe Lake School to succeed Mrs. Earline Brumbaugh, who has resigned to accept a position in Oregon.

Rusty Rides The Cab, Helper to Enginemen

An amusing incident occurs daily at the Southern Pacific yards here. When Engineer Gordon Rowe and Fireman Woody Hill pull their train in to the depot, "Rusty," a typical mongrel pooch owned by Russell Brown but equally friendly with all the yard men here, is hoisted aboard the engine and mounts the seat to take over. While Rusty actually doesn't understand the intricate switching details, a study of his attitude would cause one to think that he did and he never misses a signal.

SUMMIT SCENE

by FRAN COUILLARD

With the Ski Ranch Hill closing down completely and the Soda Springs Ski Hill at this writing running only in the forenoon, with the John Craig Memorial Race at Eugene, Oregon, pushing their date up from May 13 to April 29, it is indicated that snow all over the country is giving way to summer. Deep Sierra crevices still retain the residue of winter but as such are not patrolled and should not be frequented.

To augment our feeling of summer we get our usual packet from the state fish and game division containing fishing licenses.

Donner Summit Lodge dining room will go on its regular open all day schedule as of next Monday while Beacon Hill Lodge's dining room has padlocked its doors and opens its coffee shop. Beacon Hill will open its dining room for the summer and week end barbecues will be served on the patio that adjoins the swimming pool. Soda Springs Hotel goes into their building program wtih vim and vigor. Workmen swarm over the place and by now work on this resort will be in full swing.

We've just received the completion buttons for the Donner Trail Memorial Race and are busy cataloging racers who have completed for the past three years. After waiting for the buttons for three years, we can say that the little bronze replica of the Donner Monument on its background of crossed skis is one that will be cherished by all completors. We are proud of the job and thank John Fountain of Donner Ski Ranch for the drawings he submitted for free to the engravers. Thanks too to Red Jolly of Truckee for stenciling our racing numbers. Many more thanks are in line and we are rapidly getting letters out to our many helpers that were responsible for making the last Donner Trail Memorial Race the great success that it was. For the benefit of local skiers, will say that when cataloging is complete we will send you your completion pins. If you haven't given us your address please see that it is sent to me.

Jack Woodard of Donner Ski Ranch takes things a bit easy after hobbling around on crutches for practically the whole winter. He excepts to have a crutch burning party shortly and get back on his own two feet again, thus taking over the task he had to give to others for this past, his first, season as owner of Donner Ski Ranch. Across the street Margot Nordstrom of Ski Hi takes a few deep breaths for herself after a strenuous winter as hostess to hundreds of folk dancers on weekends. Margot still has her hands full, however, with Ernie on snow survey.

A recent meeting of Donner Community Club directors with new President Helen Hogle presiding brought forth the glad tidings that a meeting of the club will be held at Kiski Lodge May 17 with a spaghetti dinner as the super-duper attraction. A grab bag which will feature the lost and found departments of all the lodges as they clean out closets of their winter accumulation will be featured. Mrs. Hogle announces picnics and dinners for the monthly meetings of the summer from the May party thru the season and with such a proficient board of directors as Al Alden, John Carl, Lola Schull, Kay Rogina, Margot Nordstorm and Lee Coppel we know that this year's community club meetings will be huge successes.

Ice Lakes closes its doors for a month or so and Bill Rutherford takes a well earned vacation and travels eastward for a fortnight. Doris Chaplin of Soda Springs Hotel, still under medical care in Sacramento, will not return to the area for another week or ten days. Little Deborah Zorich comes home from the hospital to the arms of Mama Barbara after having a tonsilectomy at the ripe age of 14 months. Jim and Eula Sherritt return to Soda Springs from their Rotarian fling at Marysville. Bill Gray of San Francisco takes a run up to his Soda Springs home to see that things are in order for his family's summer months and rests for a few days as do Ray and Lola Dunshee at Kingvale Park. Jess and Roy Thompson got up bright and early Tuesday morning to take their weasel back into the Cedars after a few days sojourn on the highway. After the last few days of hot sun, Roy and Jess decided that another day might mean the difference between riding back in their machine or walking back. This means they are in the country ten miles back until they can get their truck out thru the ruts and debris that the past season's floods have caused.

Lonny Goss of Donner Summit Lodge looks toward the back country and ponders the right time to bring up his pack and saddle horses. Madylon and Bud Walton, now that the Bob Mor fords have moved out of their Soda Springs home, take a chance each weekend on finding enough snow to ski and to renew old acquaintances. We're invited to a party tomorrow night to be given for Harold Steen and Ernie Tschopp at Steen's Motel.

Tahoe Summer Resident Passes in Alameda

TAHOE CITY— Local residents are learning this week of the last rites for Lloyd Dumas Whiffin, 65, in Alameda. With his wife, he was a frequent visitor at Lake Tahoe where he had a wide circle of friends.

Born in India, Whiffin studied in England and completed his formal art training at the Royal Academy. During World War I he was an officer in the Gurkha Rifles, stationed in the Khyber Pass. He came to the United States in 1925 and was first president of the Alameda Art Association.

Survivors are his widow, two daughters, a brother and four grandchildren.

SWANEE'S TAHOE LETTER

Tahoe City, April 9

Dear Tahoeites—

Understand the George Mortimers were up for a day from their winter home in Sacramento to see how their buildings at Tahoe Park stood the winter and found all in good shape. Daffodils now bloom in their front yard.

Little Diana Lee Astle, daughter of Mr. and Mrs. James Astle, celebrated her first birthday at the home of her parents Sunday. Guests who attended the family dinner and enjoyed the lovely birthday cake included Mr. and Mrs. Ivan Astle and Phyllis of Kings Beach, Clayton Spinning of Reno, grandfather, and great-grandparents Mr. and Mrs. Arthur Jones of Reno.

Mrs. W. A. Simmonds of Tahoe City Sunday observed another birthday. In the afternoon she was honored at a family dinner party at the home of her son and his wife, Mr. and Mrs. Art Frodenberg. Guests who enjoyed the day were the Simmonds, Mrs. Ethel Hancock, Verna Gardner, Mr. and Mrs. Hadley Boynton, all of Reno. A lovely birthday cake climaxed the dinner.

Another celebrant was Skippy Scott, son of the Bud Scotts of Carnelian Bay, who was one year old Friday. His grandparents, the Bert Scotts of Piedmont, were here to help him dispose of his birthday cake.

Raymond E. Lewis, former art teacher in the Tahoe-Truckee High School now living in Boston, writes a preview on April 9 will be held of his paintings and drawings which will be on exhibition April 10 to 28 in the Child's Gallery in Boston.

Miss Diane Pearson and Robert Hughes of Tahoe City were wed April 2 in the Mormon Church at Reno. Matron of honor was Mrs. John Gilland, the bride's sister, and best man was William Conger of Tahoe City. The couple is honeymooning at Las Vegas, Los Angeles and San Francisco before returning to Tahoe to make their home. The bride is the daughter of Mr. and Mrs. Ernest Pearson of Reno and the groom is the son of Norman E. Hughes of Los Angeles. Shortly before their marriage the couple was honored with a cocktail party sponsored by the William Congers in their Tahoe City apartment. Mrs. Gus Gehlert of Pineland favored the bride-elect with a shower during which many lovely gifts were received. Guests at the shower included Mesdames Tom Sheehan, Nell Day, Ruth Hatch, Shirley Conger, Peggy Kishbaugh, Norman Dewhurst, John Gilland, Dick Carnell, Al Henry Jr. and Bert Brolund. The table was prettily appointed and cake and ice cream wedding bells were served.

Am happy to report I've just talked with Mrs. Theodore Schlueter who tells me her husband is showing signs of improvement. His fever has dropped and he is much brighter and more comfortable. Here's hoping he shows more signs of steady improvement from now on.

My best to one and all, as ever, Swanee.

Mrs. Evelyn Bliss, after several months in the bay district, is returning to Tahoe this week.

CAPITAL CITY MAN DECORATED FOR SUMMIT RESCUES

Jack Marturano of Sacramento has been awarded the highest honor of the National Ski Patrol System — the purple star in double portion — for saving two lives this past ski season, Edward F. Taylor of Denver, national director of the NSPS, announced.

Marturano is one of the few National Ski Patrolmen in the country to receive the star twice. One award was made for the rescue of Mrs. Robert Fischer of San Francisco, who on November 25 was injured while hiking on Mount Lincoln in the Donner Summit area.

Marturano and his wife, Esther, who is also a National Ski Patrolwoman, were at their cabin and were called upon to lead the rescue on the mountain.

After the party reached Mrs. Fischer, who in her fall on sheer ice had hit a tree, Marturano used long rope wound around trees to swing the stretcher carrying the patient across ice gullies. It was subsequently learned that the accident had paralyzed her below the waste to the point where she may never walk again.

After the snowfields were passed, the stretcher had to be carried the entire distance in darkness broken only by flashlights across rough and rocky terrain, until the rescuers finally were met by a truck in which the patient was taken to San Francisco. For her assistance, Mrs. Marturano has also been awarded the purple star, Taylor stated.

Marturano's second rescue was in connection with a ski accident at Sugar Bowl on Christmas Eve in which Cliff Hendrix of San Francisco was pierced by his own ski pole. It was later determined the pole severely damaged the main leg artery and that as a result of Marturano's immediate and appropriate first aid, Hendrix's life was saved.

ASSEMBLY VOTES TO LIFT INTER-RACE MARRIAGE BAN

SACRAMENTO —(C. N. S.)— The state assembly has passed and sent to the senate a bill repealing sections of the civil code which prohibit the marriage of whites with negroes or orientals.

The action was taken after Assemblyman George D. Collins Jr., San Francisco, said the courts had ruled the two provisions of the code unconstitutional.

Here's where You come into your own

Once in a while, any man is entitled to let himself go.

He's entitled to that glow of pride that comes from feeling like the very important person that he really is.

He's entitled to take practical steps to make his dreams come true.

In short, he's entitled to own a ROADMASTER, and particularly a ROADMASTER as it is custom built for '51.

For this great automobile is more than big and roomy and distinguished in its styling.

It's more than sweetly willing in performance, and superbly poised in stride.

It does things to you, when you let yourself sink deep down in the subtle softness of its cushions, and run a caressing hand over the fine texture of its fabrics.

This is everything a fine car should be!

Of course, this brilliant performer is Fireball powered. It is cushioned by coil springs on every wheel. It provides, at no extra cost, the complete relaxation of Dynaflow Drive. It has durable and dependable sturdiness engineered into every mechanical part.

But the best is yet to be told. When you check the ROADMASTER price list, you'll find that the car of your choice can be yours for hundreds of dollars less than you'll pay for others with comparable reputation.

Come in soon and see this buy of buys in the fine-car field.

Equipment, accessories, trim and models are subject to change without notice.

ELECTRICAL TIPS FOR THE HOME
If You Expect to Spend Most of the Summer at Home . . .

DON'T think you have to swelter indoors simply because there are no facilities on the porch or terrace for ironing, cooking, eating, sewing, night-time recreation and entertaining.

DO transform the porch or lawn into an outdoor living area by installing handy outlets and circuits for convenient use of iron, roaster, table appliances, lamps, radio, sewing machine, etc.

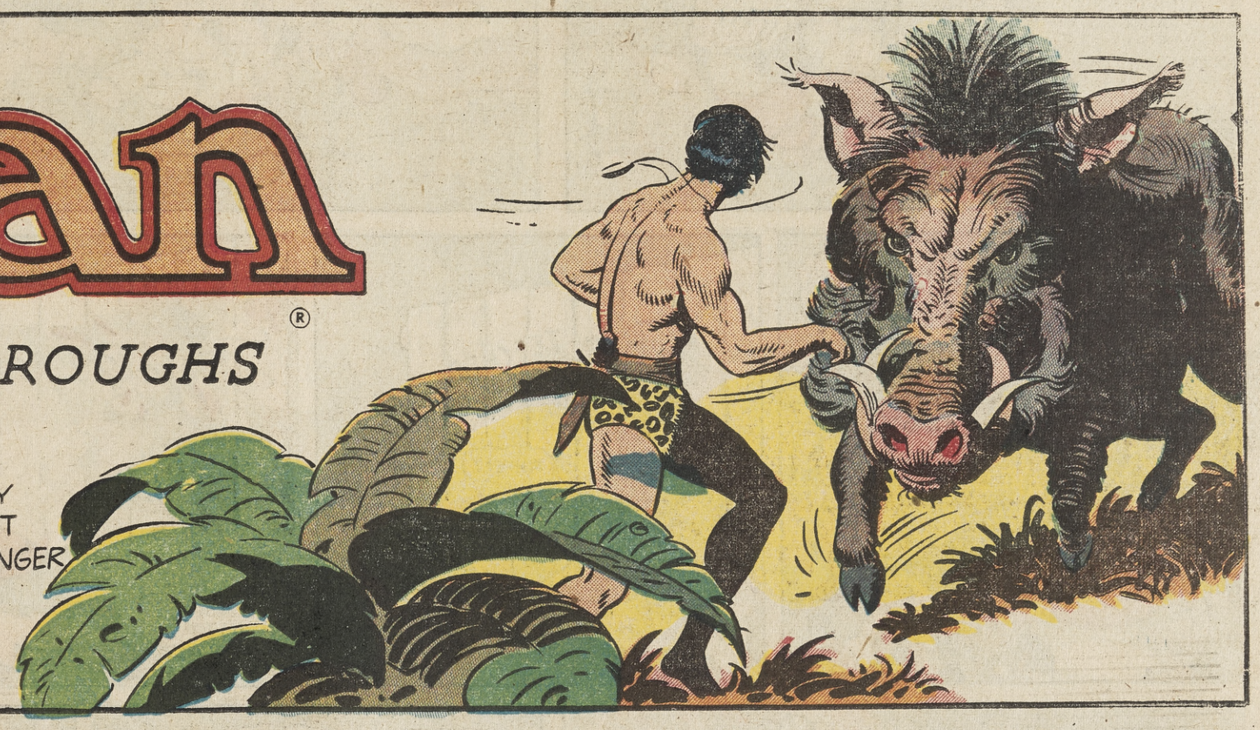
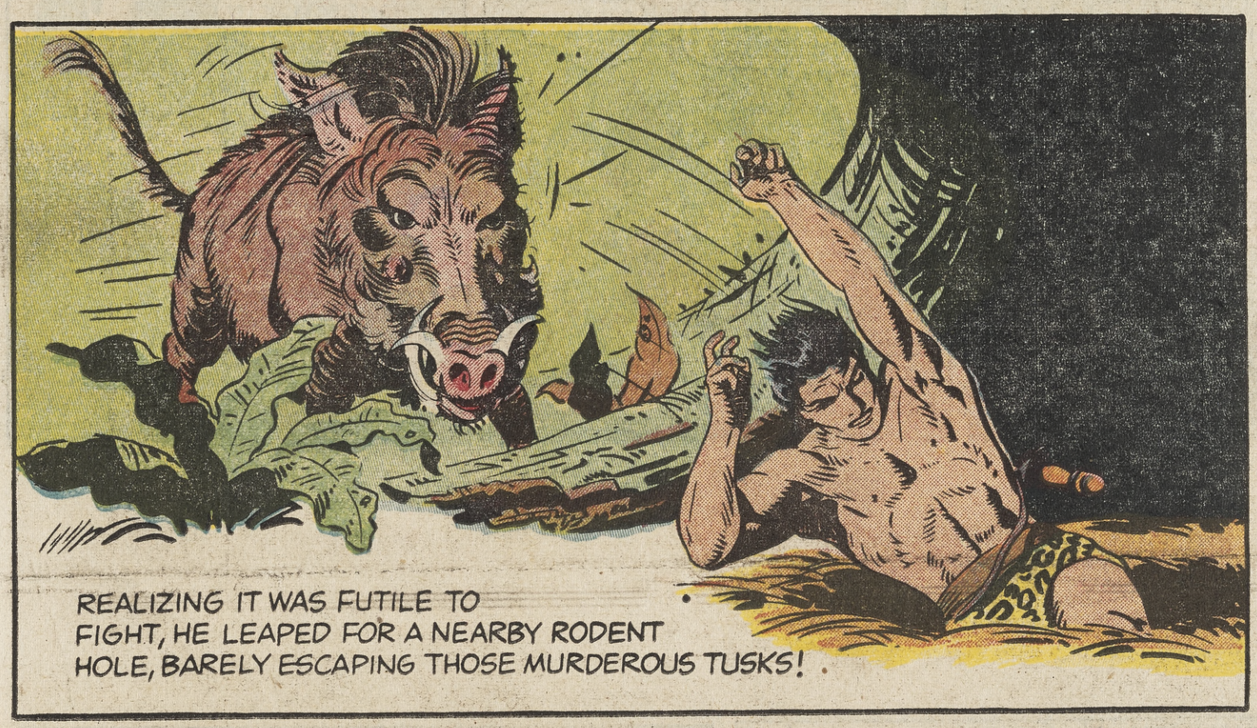
Tarzan®

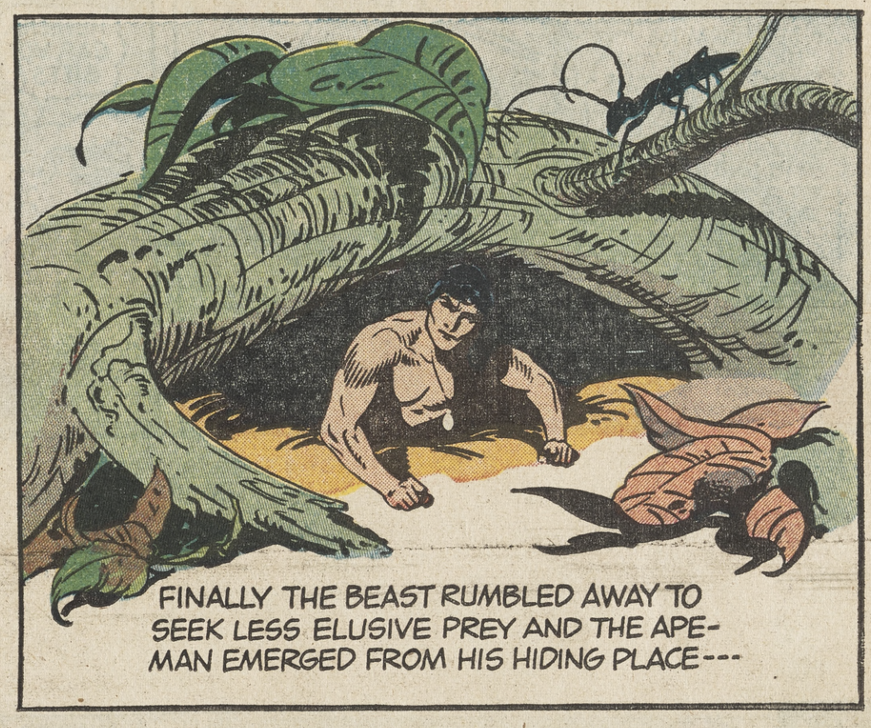
by EDGAR RICE BURROUGHS



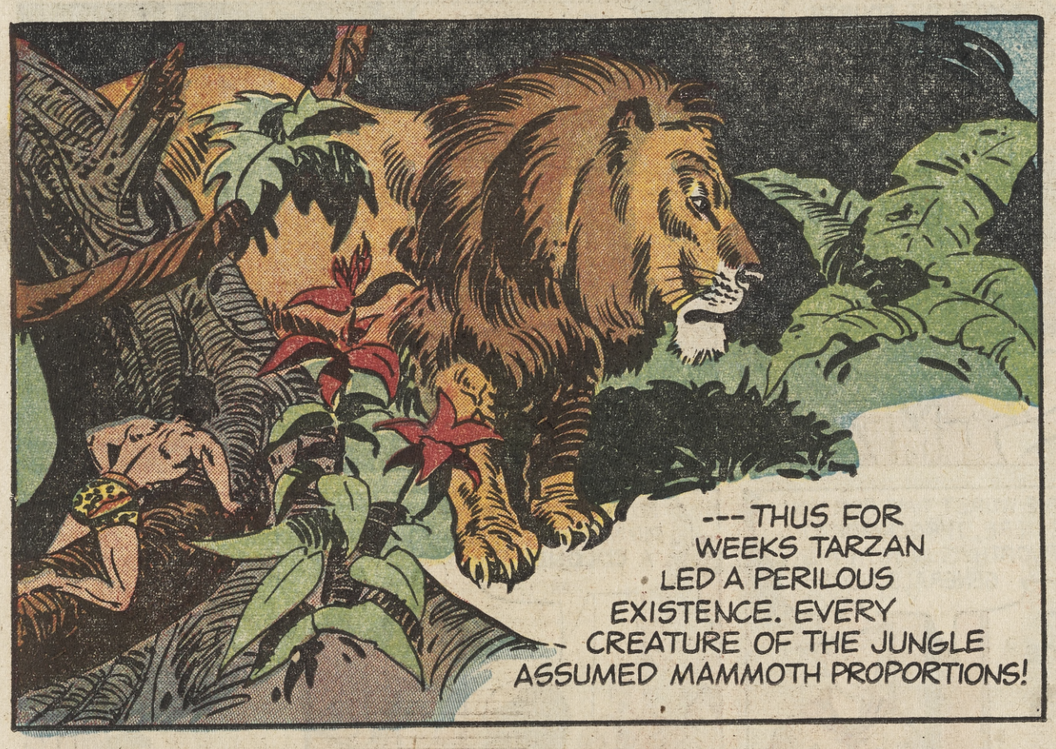
LEARNING THAT HE WOULD EVENTUALLY REGAIN HIS NORMAL SIZE, TARZAN SET OUT FOR HIS HOMELAND ALONE, BUT DANGER LURKED AHEAD AS A HUGE WART-HOG CONFRONTED HIM!



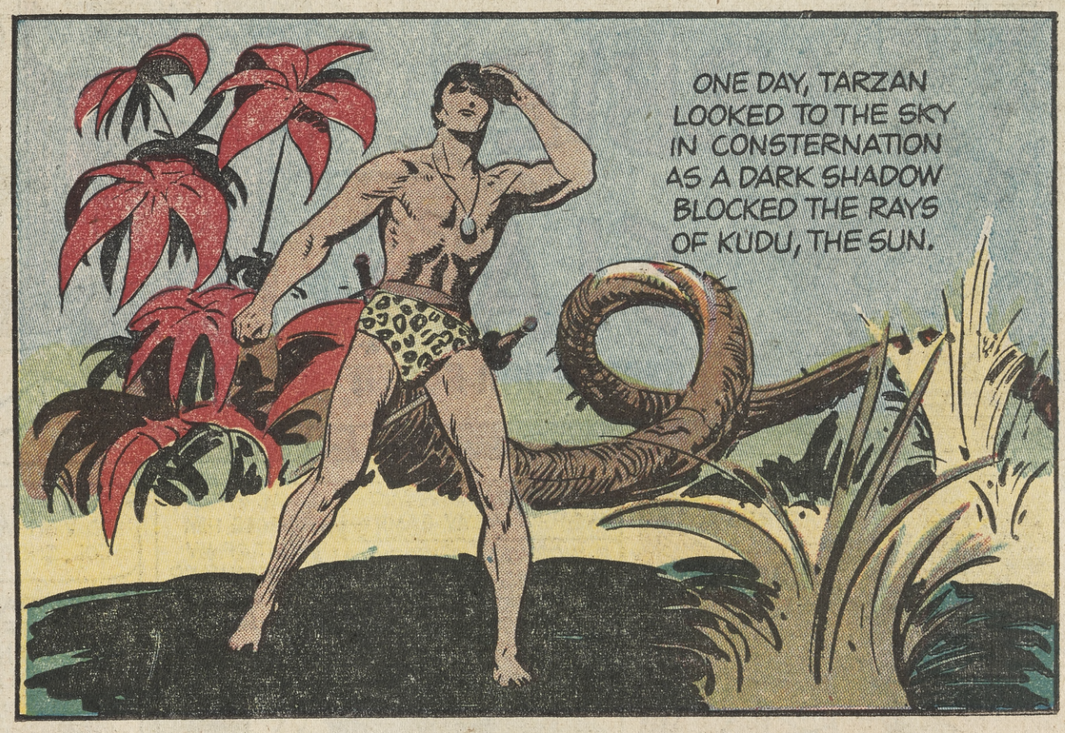
REALIZING IT WAS FUTILE TO FIGHT, HE LEAPED FOR A NEARBY RODENT HOLE, BARELY ESCAPING THOSE MURDEROUS TUSKS!



FINALLY THE BEAST RUMBLED AWAY TO SEEK LESS ELUSIVE PREY AND THE APE-MAN EMERGED FROM HIS HIDING PLACE---

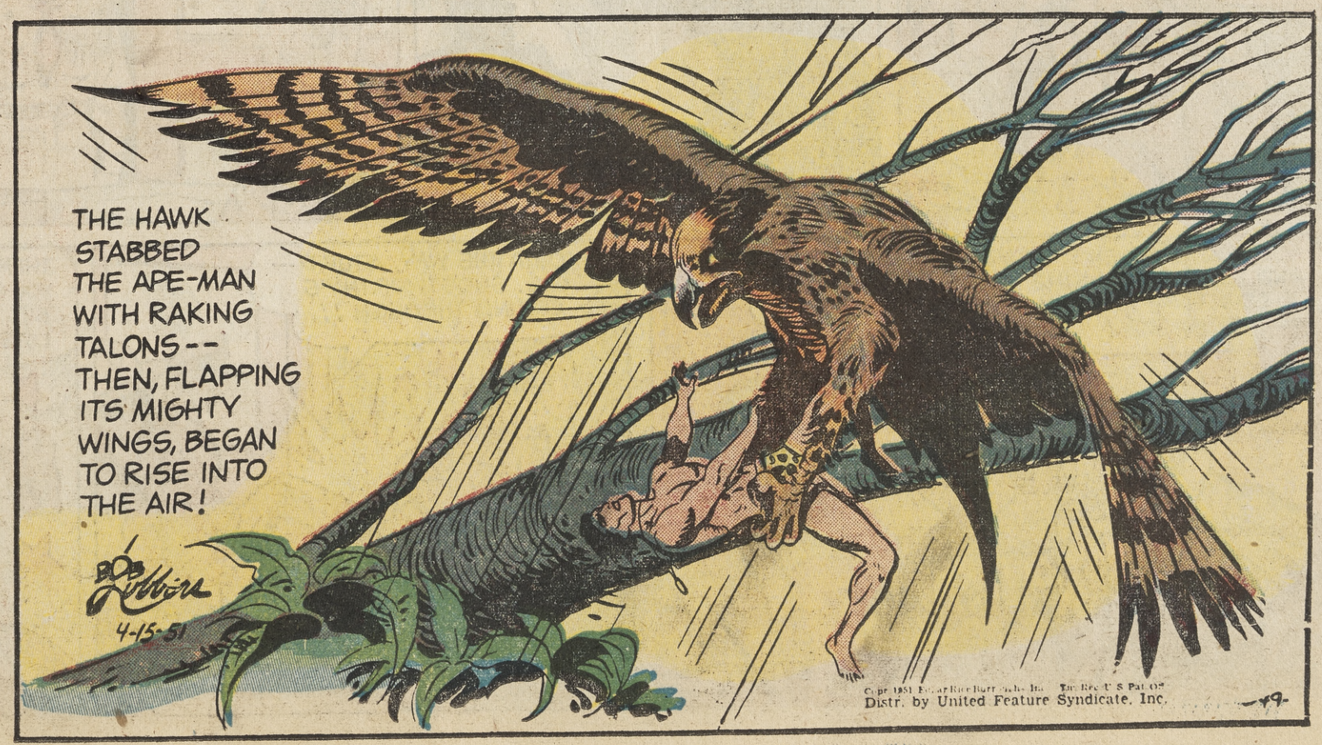


---THUS FOR WEEKS TARZAN LED A PERILOUS EXISTENCE. EVERY CREATURE OF THE JUNGLE ASSUMED MAMMOTH PROPORTIONS!



ONE DAY, TARZAN LOOKED TO THE SKY IN CONSTERNATION AS A DARK SHADOW BLOCKED THE RAYS OF KUDU, THE SUN.

SUDDENLY A FIERCE HAWK PLUNGED DOWNWARD! TO TARZAN'S TINY SIZE, THE BIRD SEEMED LIKE SOME PREHISTORIC MONSTER!



THE HAWK STABBED THE APE-MAN WITH RAKING TALONS -- THEN, FLAPPING ITS MIGHTY WINGS, BEGAN TO RISE INTO THE AIR!
